## Welcome to the Blue Medicare PPO Network

This abbreviated directory contains limited provider information (provider's name, ID number and phone number) to assist you during the enrollment process.

Upon confirmation of your enrollment in Blue Medicare PPO, you will receive a full version of our provider directory, complete with all required and necessary information including the provider's address, office hours, languages spoken, specialties, hospital affiliations etc.

Should you require additional assistance, please call Blue Medicare PPO Customer Service toll-free at 1-866-308-4781, 8:00 a.m. to 8:00 p.m., local time, 7 days a week. For the hearing or speech impaired, please call 1-800-538-0380. Or visit [www.bcbsnm.com](http://www.bcbsnm.com).

## Our Service Area

Blue Medicare PPO is offered in the entire state of New Mexico.

## Our Providers

"Providers" is the general term we use for doctors, physicians, other health care professionals, hospitals, and other health care facilities that are licensed or certified by Medicare and by the state to provide health care services. We call them "plan providers" when they participate in Blue Medicare PPO. When we say that plan providers "participate in Blue Medicare PPO" this means that we have arranged with them to coordinate or provide covered services to members of Blue Medicare PPO.

The Blue Medicare PPO plan is a preferred provider organization (PPO) plan. All Blue Medicare PPO contracted, Network Providers are available to the member through self-referral, with the exception of services that require preauthorization. The Blue Medicare PPO provider network is a contracted delivery system comprised of hospitals, provider groups, and independent physicians in New Mexico.

We work with our contracted health care providers to help ensure that care is accessible, coordinated, timely, and provided in a manner and setting that promotes positive patient-physician relationships.

## Out-of-Network Providers

"Out-of-Network (OON) providers" are providers that are not part of Blue Medicare PPO. You may use Out-of-Network providers for covered services. However, **your out-of-pocket costs may be higher than if you use In-Network Providers**. The exception is if you use Out-of-Network providers for emergency care, which is covered at the in-network level. Members may also self-refer to non-network providers at the out-of-network benefit level. If you wish to receive in-network benefits for an OON provider due to network inadequacy or special circumstances, the service must be authorized by the

Utilization Management (UM) Department. For additional help, please call the Customer Service shown in the box below.

### **Preauthorization**

Certain services require preauthorization. Preauthorization is required for all inpatient hospital admissions, inpatient and outpatient mental health and substance abuse services, skilled nursing facility admissions, high-technology radiology services, certain durable medical equipment and prosthetic devices, home health and home infusion therapy, hospice care and outpatient rehabilitation (home-setting only). For additional information on what services require preauthorization, please refer to your Evidence of Coverage booklet, which is provided to all new members. If you use an In-Network provider, he/she will communicate with our Company to request/obtain necessary pre-authorization.

### **What to Do in an Emergency**

Remember: If an emergency occurs, call 911 or your local ambulance, or go to the nearest emergency room. Emergency care means health care services provided in a hospital emergency facility (emergency room) or comparable facility to evaluate and stabilize medical conditions of a recent onset and severity, including, but not limited to, severe pain that would lead a prudent lay person, possessing an average knowledge of medicine and health, to believe that the person's conditions, sickness, or injury is of such a nature that failure to get immediate care could result in:

- Placing the patient's health in serious jeopardy
- Serious impairment of bodily functions
- Serious dysfunction of any bodily organ or part
- Serious disfigurement, or in the case of a pregnant woman, serious jeopardy to the health of a fetus

### **Claims Filing**

Claims will be filed on your behalf when you obtain services from a Network Provider. However, if you choose to use an out-of-network provider and that provider submits a bill directly to you, you should not pay the bill, but instead submit it to our Claims and Customer Service address shown in the chart below for processing and determination of your liability.

### **Continuity and Coordination of Care**

Blue Medicare PPO has policies and procedures in place to promote the coordination and continuity of medical care for our members. These include the confidential exchange of information between primary care physicians and specialists, as well as behavioral health providers. In addition, our Company helps coordinate care with a provider when the provider's contract has been discontinued and works to enable a smooth transition to a new provider.

**Our Product and Company at a Glance**

Blue Medicare PPO is a Medicare Advantage plan designed to provide health insurance coverage to eligible Medicare beneficiaries. This product is being offered through HCSC Insurance Services Company (HISC), an independent licensee of the Blue Cross and Blue Shield Association.

HISC contracted with the Centers for Medicare and Medicaid Services (CMS) in order to be eligible to participate in offering this Medicare Advantage health insurance plan to you. HISC also contracted with Medicare Advantage providers to participate in the Blue Medicare PPO network.

**This directory was last updated October 2007. A provider's listing in this directory does not guarantee that the provider is still in the network or accepting new patients. For the most current information, please call 1-866-308-4781.**

To receive benefits for mental health services or substance abuse treatments, care must be coordinated by the Behavioral Health Services Administrator, Mesa Mental Health. The member's primary care physician (PCP) must call 1-800-583-6372 or 816-6791 in Albuquerque to obtain approval for mental health and substance abuse services. Mesa Mental Health will then coordinate covered services with an appropriate provider in the member's area.

Failure to obtain prior authorization from Mesa Mental Health will result in a denial of benefits. The fact that a provider is listed in this directory does not make services received from that provider automatically eligible for benefits. Services must be covered under your health plan in order to be eligible for any Blue PPO Plan benefits.

To receive benefits for mental health services or substance abuse treatments, care must be coordinated by the Behavioral Health Services Administrator, Mesa Mental Health. The member's primary care physician (PCP) must call 1-800-583-6372 or 816-6791 in Albuquerque to obtain approval for mental health and substance abuse services. Mesa Mental Health will then coordinate covered services with an appropriate provider in the member's area.

Failure to obtain prior authorization from Mesa Mental Health will result in a denial of benefits. The fact that a provider is listed in this directory does not make services received from that provider automatically eligible for benefits. Services must be covered under your health plan in order to be eligible for any Blue PPO Plan benefits.
